<p>9. ACTIVITIES PLANNED FOR STUDENTS EXPERIENCING DIFFICULTIES: What activities are in place to ensure that students who experience difficulty are provided effective, timely, additional assistance? For example: tutoring, MHP counseling services, etc.</p>		
<p><u>Mental Health Providers</u>-(please adjust to fit your school's MHP plan) MHP: Due to the transient and often unstable environments that many of Fontainebleau High students experience, a Mental Health Provider will work with students for 40 hours per week. This counseling will work to improve reading and math achievement by helping students to develop coping strategies for handling the conflicts and stresses that they face in life which in turn will allow them to focus on the academic materials being presented in the classroom. Students will be selected through a referral process and will work with the MHP for varying amounts of time depending on need. The administration (Johnny Vitrano) will monitor implementation of the MHP program. Due to the confidential nature of student involvement in the MHP program, school counselors, will also monitor student academic progress in conjunction with the classroom teacher through monitoring numbers of behavioral referrals leading to out-of-class time and/or percentage of completed assignments as is appropriate for each individual student's situation. Review of performance on classroom assessments, benchmark assessments and standardized tests such as LEAP and iLEAP will also occur.</p>	<p>10.
