Vision
Provide access to high quality early childhood care and education to all children in St. Tammany Parish.

Mission
We support all early childhood providers with resources and tools needed to ensure all children are in high quality educational environments.

Goals
1. Within the 1st quarter, we will utilize the state system and resources to determine the number of children and their locations on the Child Care Assistant Program waiting list.
2. Over the next 12 months, network leaders will work with Agenda for Children to design a plan to gain access to community funds in the effort to support childcare for all children including children with disabilities.
3. In the effort to increase community awareness and support of financial opportunities needed for early childhood education within St. Tammany Network, network leaders will attend community events such as Chamber of Commerce meetings over the course of the next 12 months.
4. St. Tammany Network leadership committee will develop a criteria system in which funds raised will be appropriately allocated to childcare centers serving identified, qualifying children.
