

## Activating the Family Portal

The **Family Portal** is a site that allows parents access to current information about their student's progress and performance.

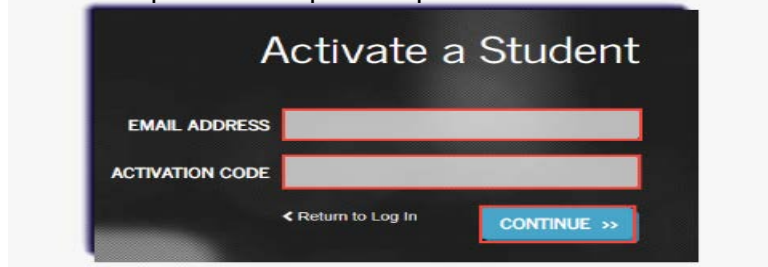

1. You should have received an email notification stating you have been given access to your child's account. Click the link in the email to begin the registration process.

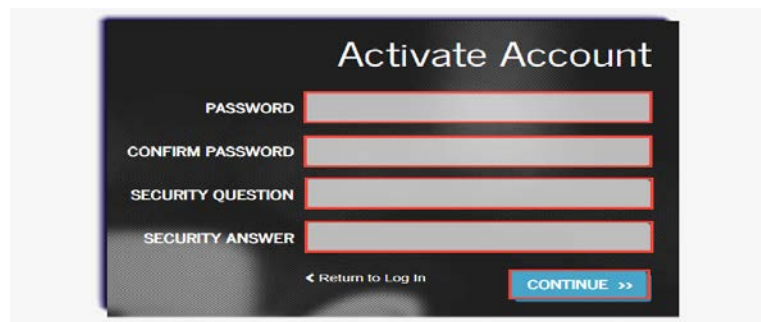

2. Click **Activate Account**. Do not fill out the email and password boxes, just click Activate Account.

3. Enter the email address and activation code provided by the educator or administrator, then click **Continue**. If you have more than one student, complete the entire process of activating the first child and then repeat this step of the process with additional activation codes.

4. Determine a password and recovery question for the account. The security question and answer will help recover the account in case it gets locked. Click **Continue**.

5. Once activated, you can log in using the email address and the newly created password. The site is: <https://learn.edgenuity.com/family/>. Click **Log In**.

6. Select the Time zone. Click **Save**.

7. Upon log in, you can view basic information about the student, as well as information explaining the different reports available.

**STUDENT**

**ATTENDANCE LOG**

**PROGRESS REPORT**

### Welcome to Edgenuity Family Portal!

Here is a quick run through of all the features available to you.

#### Student Snapshot

Above is a summarized view of your current student. If you are linked to multiple students, you can change which student you are viewing at any time by clicking on the "Select Student" menu. The student's name and school is displayed as well as their most recent access time, their total seat-time for the current week, and the number of activities completed during that week.

#### Student Reports

When viewing reports, you will be shown results for the currently selected student.

**Attendance Log**  
View active time, idle time, and number of activities completed between any two given dates. Results are grouped by week > day > course.

**Progress Report**  
View detailed information for each course, including: course completed (%), overall grade (%), grade weight, as well as course start and target dates.

### ! INFORMATION

Do you have more than one student? You will need to request an activation code for each child, then repeat all the steps on this page. A password will only need to be created with the first child, any child thereafter, creating a password will not be required.

Once the additional student(s) has been added, you can toggle between them using the select student feature on the top right.
